

Homemade Laundry Soap

1 c grated pure soap
1/2 c washing soda
1/2 c borax
6 c of water
4 c hot water
roughly 22 cups water
1T essential oil

In a sauce pan, add soap and 6 c of water until the soap is completely dissolved. Add borax and washing soda and stir until thickened. Remove from heat.

Pour this mixture into a large pail. Add 4 c of water and your essential oil and stir well. Add another 22 c of water and stir again. Allow the mixture to sit over night. Will thicken as it rests.

Use 1/4 c - 1/2 c of soap per load.
